

SPACEWELL

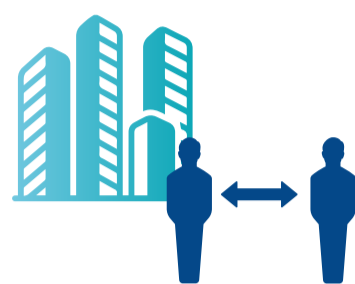

A NEMETSCHek COMPANY

EMPLOYEE SOLUTIONS FOR THE POST-PANDEMIC OFFICE

Immediate Support in the Crisis

How can we help employees **transition back to the office** and restore their **sense of comfort and safety**?

KEEP EACH OTHER SAFE

Leverage software tools to empower employees in social distancing

- ✔ Crowdedness alerts
- ✔ Smart reservations to recommend lower-occupancy areas or help find colleagues

WORK IN A HEALTHY ENVIRONMENT

- Comfort monitoring using sensors to produce a better work environment
- ✔ Options for automatic cleaning and maintenance
 - ✔ Confidence in the physical environment

Future-Proofing the Office for Employees

How can we enhance employee **performance** and **comfort** in the evolving office?

BE EMPOWERED TO USE SPACE BETTER

User-friendly touchpoints informed by sensor data

- ✔ Smart reservations help find rooms faster & book services
- ✔ Real-time utilization data locates work spaces or colleagues in agile spaces & increased WFH
- ✔ Easier feedback & communication with service providers

LET US HELP.

Spacewell technologies are designed to support all user types, with special solutions for service providers. We are constantly innovating and developing new tools to help make your essential work easier and safer.
